I have no clue as to why the arrowheads as the Native American aspect to this is slight. We see Molly about twice in the whole novel.

The BP disaster was another example of big business screwing over the little. There are sightings of a Bad Guy supposedly dead and we never hear how he escaped certain death and no one thinks until the very end of checking the surrounding farmhouses to see if maybe he's staying in the area. Every character in this adventure is carefully, colorfully alive until they aren't. Oh, and Gretchen Horowitz lays a big wet one on Alafair, ringing her bell.

He's a flawed but principled character whose life has taken it stumbles, some because it came to an end. There is no respite or cure, and if your experience has been like mine, you have accepted that only death will separate you from the abiding sense of nothingness you wake with at the first touch of light on the horizon.
