If you are a seller for this product, would you like to suggest updates through our platform? We don't have the budget to have a real astrophysicist on our staff, so for us, Martin's book is an ideal way to stay relatively current on cosmology. Amazon Giveaway allows you to run promotional giveaways in order to create buzz, reward your audience, and attract new followers and customers. This thesis addresses very varied yet both very important issues within the field of cosmology. See all 3 reviews.
