Westview Press, p. Russia Britain France China and the
Tradition University of Chicago Press, p. The author presents an
interesting analysis of conflicts where one side had nuclear
weapons and the other did not, for example, in the Falklands
War between Britain and Argentina. It is well written and
accessible, and appropriate for course use for advanced
undergraduates and graduate students. He highlights the
continuing and perhaps increasing dangers of nuclear use and
the importance of maintaining the tradition of non-use.
Previous publications on this subject include: More normatively oriented
to the author, the answer lies in a prohibition inherent in
the tradition of non-use a time-honored obligation that has
been adhered to by all nuclear states thanks to a consensus
view that use would have a catastrophic impact on humankind,
the environment, and the reputation of the user.
