The Law of Cause and Effect doesn't say everything must have a cause; just that every effect must have a cause. The rational and empirical claims used to disprove Christianity do not actually succeed. I will probably listen to it again because so many points are covered.

Therearenodiscussiontopicsonthisbook.IwassoirritatedthatIcouldn't
affirms four logical principles that are necessary for all real discussion and teaches you how to defend your faith in a faithless world. This seems dangerously circular to me.
