The passion with which I'd entered medicine was rekindled after I encountered another person who shared my passion for advancing the boundaries of healthcare beyond their current limits. These individuals had previously been cared for by physicians at some of the highest level institutions in the New York City area and were told nothing further could be done for. Endorsed by leading researchers and medical doctors, Farrell's body of evidence serves to help construct the bridge that is now allowing science and spirituality to heal their divide and advancing the acceptance of the emerging integrative healthcare model.

He outlines an easy-to-follow five-step process that readers can follow to

The power to heal is within each one of us. Farrell has shattered the barrier of a limited model that makes the seemingly impossible, possible.

His story is like the lamp that leads the way out of the shadows and into the light. His stories are breathtaking, from shrinking tumors to mending shattered bones to restoring the faces of children with birth defects.
